

LIQUORISTERIE DE PROVENCE FLEUR DE COUSCOUILLE LIQUEUR

SKU: LIFDC

In the heart of the Aix-en-Provence countryside, the Liquoristerie de Provence has chosen the exciting task of reviving the aperitifs and liqueurs of Provence, in the spirit of the "mestres" (Provençal masters) of the past.

Rediscovering their unique know-how, and faithfully following the methods passed down from generation to generation, they are again producing flavours and sensations that everyone thought were lost.

Tasting Note: A unique taste: more dry and less sugary than thyme, this delicate liqueur appears in the traditional style of Alpine génépi.
