

MOOSE

SKU: LIMOO

Moose is the ultimate botanical spirit made in the Alps. A unique and award winning blend of exciting botanicals and Alpine herbs. We don't add sugar, preferring to tap Canadian maple trees to create a delicious and naturally occurring sweetness. The main flavours of Moose are maple syrup, chilli and mint, making it a good heart to a number of cocktails. Our goal is to save the snow so we are planting 10 trees for every bottle of Moose we sell.

Tasting Notes: Moose has a lovely rich unctuous nose of honey, maple and a slight touch of fresh herb. On the palate, syrupy yet not too sweet, dark chocolate, marmalade, warm espresso and brewed peppermint. Long savoury finish that lasts forever.

Awards: IWSC 2018 Outstanding Silver Winner
