

PIERDE ALMAS BOTANICA +9 MEZCAL

SKU: LIMPA9

Using a double-distilled 100% Agave Espadin mezcal as the base in which the nine legendary botanicals of gin are macerated for 24 hours and distilled for a third time resulting in a Mezcal- Gin - a fusionary first!

To the mezcal are added the nine legendary botanicals being: Juniper berries, Coriander, Star Anise, Fennel Seed, Orange Peel, Cassia Bark, Angelica Root, Oris Root & Nutmeg.

Some are macerated with the Mezcal in the copper still pot for 24 hours, while others are hung in a large tea bag in the steam head, where they lend a delicate, floral finish.
