

GRAN CENTENARIO REPOSADO TEQUILA

SKU: LITGCR

An ultra-premium gold tequila aged six months to one year, handcrafted from select blue agave plants and aged in oak casks to give it a rich, smooth character and taste, along with a golden colour. The hand-picked agave pias are slowly steam baked in brick and stone cooking ovens.

This results in a liquid called aquamiel, which is then double distilled. The unique combination of steam-baking and double distillation gives Gran Centenario its smooth, mellow character and taste.
