

ENGLISH WHISKY CO. ENGLISH ORIGINAL MALT WITH TWO GLASSES GIFT PACK

SKU: MWEGPC

St George's is the home to The English Whisky Co. The beautiful distillery was designed and built by the Nelstrop family for the specific purpose of producing the very finest English single malt whisky.

Why England and more specifically why Roudham, Norfolk? Well, there are only two main ingredients in whisky, barley and water and Norfolk have them both. They draw the purest, cleanest water from the Breckland aquifer deep beneath the distillery. Norfolk is one of the world's premier growing barley regions, so their supply is plentiful and local.

The only other thing needed to create the very best malt whisky is oak casks. They don't add colour, they don't add flavour, they let the barrels do that for them, so they buy only the very finest oak casks. Most of the casks are supplied direct from America, having first been used for the maturation of bourbon.

They also mature in sherry casks, and various other wine casks. The whisky is batch made by hand with no computers, filled into casks and then left to sleep until their distillers consider it perfect for bottling, which of course they do by hand - one bottle at a time.

Tasting Notes: Melts on the palate. Smooth but with a slight peppery spice tingle on the tongue. Fresh wood and vanilla, again with tropical fruits. Slightly nutty with a long malty finish. Finish is clean, dry and slightly salty.
