

## MEANTIME GREENWICH LAGER 4.5% (33CL X 24)

SKU: BBMLL

Meantime source their ingredients right on London's doorstep. Together, East Anglian malting barley and Kentish hops produce a superb and definitive English lager.

The hops in Meantime London Lager enable it to stand up much better than most lagers to stronger flavours such as mature cheeses, hams and smoked meats, or oily fish.
