

CHÂTEAU DU BREUIL CALVADOS PAYS D'AUGE 1998

SKU: BRC1998

The Château du Breuil Distillery takes great pride in its 42 hectares of orchards planted with 22,000 apple trees, set in the heart of Pays d'Auge, a region renowned for the excellence of its cider apples. The mild climate and clay rich soils give Château du Breuil the ideal conditions for growing apples.

Château du Breuil pays extra special attention when choosing its casks since their quality, size and age play a crucial role in the quality of the ageing process. The subtle osmosis between wood and alcohol will determine the delicacy and bouquet of the Calvados.

Tasting Notes: This Calvados is full of character and distinguished, plump and woody while having at the same time this unique apple taste.
