

POTOCKI VODKA

SKU: VOPOT

A 100 percent rye polish vodka crafted in small batches according to the noble Potocki family's 200-year old tradition. This artisanal product is created from freshly harvested rye - double distilled and unfiltered for a distinctive sweet and nutty flavour.

It is inspired by the Potocki family tradition: its angular flask shape resembles 19th century hand-blown models from their distillery at the Lancut Estate in Poland, it carries their name and coat of arms. Yet the bottle manages to retain a modern, classic look. This is exactly what Potocki vodka is timeless.

Potocki vodka is best enjoyed pure and ice cold, accompanying a meal. Smoked fish and caviar are traditional companions, but Potocki also marries well with smoked or cured meats and with sweets such as chocolate, lemon or mocha desserts.
