

F.X. PICHLER RIED STEINERTAL WACHAU GRÜNER VELTLINER SMARAGD

SKU: ATWFXPRS

FX Pichler is regarded as perhaps the greatest producer of Austria. This brilliant winery is located in the banks of the Danube, with the long glass windows of the elevated tasting room looking back across the precipitous slopes that are the source of many of Austrian finest wines, including these. Rudi Pichler makes a range of wines from different vineyard sites along this stretch of the Danube. The Steinertal vineyard is located at the eastern end of this sector of the Danube, and consists of terraces on deep gneiss deposits. The wines from here combine intensity with laser-like precision. This is aged in large old oak before release which adds further depth to the crystalline fruit.
