

KINGS COUNTY BARREL STRENGTH BOURBON

SKU: AWKBBS

Kings County Barrel-Strength Bourbon, which ranges in proof from 116 to 128 depending on the batch, is taken from older barrels than their signature spirit, aged anywhere between two and nearly five years.

Some Whiskey drinkers enjoy whiskey directly from the barrel, allowing the drinker to add ice or water to their liking. This whiskey is the most flavorful and potent in Kings County, and it is strong and smooth. It received the 2015 Best Bourbon award from Wine and Spirits magazine.
