## THE MACALLAN RARE CASK 2020 RELEASE

SKU: MWMRC2020

Every Macallan single malt demonstrates The Macallan's unrivalled commitment to wood and spirit mastery, for which it has been known since its founding in 1824. It's a reflection of our unwavering desire to go beyond the ordinary, to seek out the extraordinary, and to craft single malts that are unrivalled.

The Macallan is known for its remarkable oak barrels, which contribute to our reputation for the extraordinary. The hand-picked casks are sourced, constructed, toasted, and seasoned under the watchful eye of the Master of Wood before being delivered to the Whisky Mastery Team's stringent criteria. The oak plays the most important role in the quality, natural colour, and distinctive smells and flavours of this single malt whisky.
