

## MARTELL VS COGNAC

SKU: COMAR

Martell VS Single Distillery is crafted from a single distillation source in the Cognac region, in France, for a rich and intense expression of Martell cognac. Among the great cognac houses, only Martell distils exclusively clear and pure wines, revealing the finesse and fruity aromas of the grape, that are hallmarks of the Martell style.

Originating from one single source, the result is a cognac of perfect harmony, and exceptional richness, revealing notes of plum, apricot and candied lemon.
