

## DOMAINE DES AS MACON PERONNE BLANC LA LYONNE

SKU: FRDDALL

These are organically made white Burgundies at great prices from a small family-owned winery in the lesser-known village of Peronne, in the region of Macon. The young Maxime Grenot has recently assumed control of winemaking and the estate has been under organic conversion since 2021. Maxime works with unusually old vines and is making clean, characterful well balanced wines for consumption now and over the next 3-4 years. These are some of the best value white Burgundies we've tried

From 1.4 hectares of 60 year old vines, fermented cool in stainless steel tank, then aged on lees for 10 months before bottling. A crisp and refreshing, gentle textured dry white with fresh melon, pear, jasmin and white peach
