

ROSATO IGP TERRE DI CHIETI

SKU: ITRRTC

The Radica vineyards stretch across four municipalities in the Abruzzo region: Fara Filiourum Petri, Ari, Tollo and Ortona, where the coolness of Mount Maiella and the warm breeze from the Adriatic Sea meet. The unique location of the estate results in a diverse variety of wines. Montepulciano is born from the strength of the earth, Pecorino is born from the sun's heat, and Passerina is born from the freshness of the water.

Sustainability is a vital part of Radica estate's philosophy. The vineyards are grown organically, and the whole winery is perfectly integrated into the surrounding landscape.

Rosato IGT Terre di Chieti is a soft and delicate rose with a strikingly bright colour. This wine combines the notes of tropical fruit with hints of strawberry and cranberry, while earthiness at the back of the palate adds complexity and structure.

Enjoy this wine with lean fish, shellfish dishes, pasta and grilled poultry.
