

THE GLENTURRET 30YR 2023 RELEASE

SKU: MWGT3023

Glenturret's history dates back to 1763, making it Scotland's oldest distillery still in operation today. It now produces a wide variety of Highland whiskies, both peated and unpeated, as well as gin, and is the only Scotch whisky distillery to have a Michelin-star restaurant on its premises. The 2023 release of Glenturret's ultra-premium 30-year-old is offered at a strength of 42.7%, in a very limited run of 500 bottles. Glenturret's partnership with glassware and jewellery house Lalique ensures that this whisky is impeccably presented in a carefully crafted glass bottle and wooden box.
