

EXPEDITION WHITE RUM

SKU: RUMW

Expedition White Rum is a light, refined spirit distilled from select sugarcane derivatives in Guyana and Barbados—two regions celebrated for their deep-rooted rum-making traditions. Bottled by Hall & Bramley, this unaged white rum is crafted to preserve the natural character of the cane, offering a clean and crisp profile. At 37.5% ABV, it delivers a smooth texture with subtle notes of tropical fruit, citrus, and a hint of fresh sugarcane, making it particularly well-suited for classic cocktails such as mojitos, daiquiris, or rum punches.

Its clarity and light body reflect the careful distillation process, while the absence of ageing or spice infusion allows the raw purity of the base ingredients to shine through. Expedition White Rum offers flexibility for both casual enjoyment and creative mixology. Designed for versatility, it strikes a balance between heritage and approachability, making it an ideal entry point into the world of Caribbean rums.
