

## HANGAR ONE KAFFIR LIME

SKU: DLVOHOKL

Hangar One Kaffir Lime Vodka is a unique expression crafted in small batches at Hangar One's distillery in Alameda, California. The distillery is housed in a repurposed aircraft hangar on the edge of a former naval air station, now transformed into a bird sanctuary with sweeping views over the Bay Bridge and San Francisco skyline. Inspired by the local terroir and driven by a distinctly Californian approach to innovation, Hangar One produces its vodka using traditional Holstein pot stills, in stark contrast to the industrial column stills common in large-scale production.
