

## BÄRENJÄGER HONEY LIQUEUR

SKU: LIBAR

Bärenjäger Honey Liqueur traces its roots back to 18th-century Germany, where it was originally crafted as "Bärenfang" or "bear trap" — a sweet elixir used by hunters to entice bears. Firstly, developed in East Prussia during the 15th century, over time, this honey-infused spirit found favour with people for its enticing richness rather than just as bait.
