

BITTERMENS NEW ORLEANS COFFEE 24%

SKU: LIBINO

Based in Brooklyn and known for innovation in bitters and tinctures, Bittermens introduces a coffee liqueur that honours New Orleans heritage while adding its modern twist. The spirit combines Brazilian beans procured via New Orleans' coffee trade with roasted French chicory root—two traditional elements at the heart of New Orleans coffee rituals. Accents of vanilla and craftsmanship chocolate from Taza further deepen the flavour, while Belgian-style candi syrup balances bitterness with subtle sweetness.

Founded to explore niche flavours between old world styles and new school reinterpretations, Bittermens has grown from bitters into liqueurs and amaro, all crafted with meticulous attention to quality. The New Orleans Coffee Liqueur is aimed at enthusiasts who value layered complexity—ideal for sipping on its own or as a key component in cocktails.
