

## PARTIDA REPOSADO

SKU: LITPARR

Partida Reposado Tequila is a premium 100% Blue Weber agave spirit, crafted in Jalisco, Mexico, from agave grown on a single estate in the mineral-rich volcanic soils of the Tequila Valley. The agave plants are left to mature for up to ten years, allowing deep sugar development and complex flavour accumulation before harvesting by hand.

After harvest, the piñas are slow-cooked for 20 hours in stainless-steel autoclaves to preserve the agave's natural sweetness. Distillation takes place in stainless steel pot stills, which retain the bright, clean character of the agave. The tequila is then aged for six months in American oak barrels previously used by Jack Daniel's, imparting soft notes of oak and vanilla without overpowering the spirit's core identity.
