

FAMILLE LIEUBEAU MUSCADET SEVRE ET MAINE GOULAINE

SKU: FRFLMMGO

La Butte de la Roche, with its south-eastern orientation and mild microclimate, stands as one of the most distinctive terroirs in the Muscadet region. The site's light, sandy soils over serpentinite bedrock produce wines with a rounded texture and vivid aromatic profile. As the earliest-ripening vineyard in the appellation, its fruit is known for exceptional ripeness and balance.
