

CHATEAU DE SAINT PEY SAINT EMILION GRAND CRU 2016

SKU: FRCHDSP

Located in the heart of Saint-Émilion, Château de Saint Pey benefits from centuries of winemaking tradition. The estate employs meticulous vineyard management, including green harvesting and hand-picking, to ensure the optimal quality of its grapes. Fermentation is carried out in temperature-controlled stainless steel vats, followed by ageing in French oak barrels for approximately 12-18 months, imparting subtle notes of toast and spice while preserving the wine's freshness and complexity.
