

MINUTY PRESTIGE ROSÉ MAGNUM

SKU: FRCHMPR150

With 160 hectares of vineyards covering the Saint-Tropez peninsula, Château Minuty have become a household name in the AOP Côtes de Provence, helping define this category of rosé. First constructed under the reign of Napoleon III, the estate was purchased by Gabriel Farnet in 1936. The estate has remained in the Matton-Farnet family ever since, with the third generation managing it.

The purchase of the Château by Gabriel marked a turning point in the history of the winery, which had declined from its glory days in the mid-1800s. Gabriel undertook the project of restoring the estate to its former splendour and was a major driving force in its inclusion in the small circle of 23 Classified Growths when the AOP Côtes de Provence classification was created in 1955. It was not, however, until Gabriel's daughter, Monique, and her husband, Etienne Matton, took over the estate in the 1960s that Château Minuty became a staple on the tables of the finest restaurants on the French Riviera. Today, brothers Jean-Etienne and François Matton are proudly upholding the family legacy while bringing a contemporary touch to the estate. The brothers' focus on sustainable viniculture practices has been recognised with the attainment of HEV (High Environmental Value) certification.
