

THE MACALLAN ART IS THE FLOWER

SKU: MWMACAF

The Macallan Art is the Flower is a tribute to creativity, craftsmanship, and the enduring beauty of nature. Inspired by the poetic vision of Charles Rennie Mackintosh and his 1902 stained-glass panel The Spirit of the Rose, this limited edition celebrates the circularity of life and the harmony between natural form and artistic expression.

Matured exclusively in sherry-seasoned European oak casks, an homage to Mackintosh's deep ties with European artistry, this single malt reveals a rich natural colour and an elegant depth of character. Aromas of sun-dried fruits, including fig and raisin, unfold alongside cherry, orange zest, and polished oak, while hints of almond and treacle add indulgent complexity.
