

EIKO VODKA

SKU: VOEI

The producer, Eiko, takes its name from the Japanese word for "glory" (栄光), and operates with a focus on refined, small-scale production rooted in regional identity. Based in Hokkaido, Japan's northernmost island, the distillery benefits from naturally cold conditions and access to some of the country's purest water sources. Eiko's approach balances traditional distillation techniques with modern filtration processes, aiming to express purity, balance, and subtle complexity in every bottle.
