

EGLY OURIET GRAND CRU BRUT

SKU: CHEQBGC

Champagne Egly-Ouriet is a renowned grower estate located in the Montagne de Reims, with a viticultural history dating back to the late 18th century. Since taking over in 1982, Francis Egly has transformed the domaine into one of the most respected names in Champagne, returning the focus to 100% estate bottling and placing quality at the forefront of every decision. In 2008, the estate introduced two Coquard presses to enhance control over juice extraction, a move that further elevated the precision and expression of their wines. Today, Francis is joined by his children, Clémence and Charles, who manage exports and vineyard operations respectively, ensuring the continuity of the family's dedication to excellence.

The estate spans 21 hectares, with 10 hectares located in the Grand Cru villages of Ambonnay, Bouzy, and Verzenay. The remaining holdings are in Premier Cru sites such as Vrigny, Bisseuil, and Trigny. The vineyards are cultivated with a focus on sustainability, incorporating biodynamic principles that aim to preserve soil vitality, improve vine health, and reflect the character of each terroir in the final wine.
