

## VINS EL CEP CAVA L'ALZINAR BRUT NATURE RESERVA

SKU: SPVECLABR

The collaboration between four families with deep roots in winemaking in the region, wine has been produced on the estates since at least 1488. The location of the winery in Can Llopart de les Alzines on the hills of Espielles in El Penedes has been there since 1499, with the estate today carrying five generations of tradition, culture and expertise. It was not until 1980 that the project of Vins El Cep was conceived when the Carreras, Esteve, Masana and Parera families, all of whom had generations of agricultural experience in the region, decided to take the step to go beyond just friends and neighbours to embark on a journey to create Cavas that display the exceptional terroir of the land.
