

MAR DE ENVERO TROUPE ALBARIÑO, RIAS BAIXAS

SKU: SWMDETA

Mar de Envero was founded in 2007 by vigneron Manyo Moreira, who had worked on various projects in different Spanish appellations but returned home to the cool Atlantic coastal climes of Galicia, in the Rosal subregion. It was an area of vineyards in which the foliage surface of the traditional pergola trellises was located at a lower level than the road; this foliage spread out in an undulating manner as if forming green waves that merged into the sea. Mar de Envero means Sea of Veraison in Spanish.
