

HOXTON GIN

SKU: GIHOX

As gin's most infamously brash wild child (the first bottles read 'WARNING! GRAPEFRUIT AND COCONUT'), Hoxton Gin has enraged many a traditionalist and converted many new drinkers to gin. Juniper and spice takes a backseat to bitter grapefruit and creamy coconut, filling the palate with rich, tropical flavours and intense aromas. Serve it on a hot day with tonic and a big squeeze of lime for a gin fix like no other.
