

SPIRIT OF HVEN GIN SAMPLE SIZE

SKU: GIHV10

On the Island of Hven located in the strait of Öresund between Denmark and Sweden lies the Spirit of Hven distillery. Founded in 2008, this family owned distillery became the third pot still distillery ever to be built in Sweden and is one of the world's smallest commercial pot distilleries.

Tasting Notes: A true hand-crafted distilled gin produced from fresh botanicals which are infused for 24 hours with the finest quality organic grain spirit. Following Infusion, distillation is carried out on the unique copper pot stills of Hven. These stills have long graceful becks which promote the development of the classic Spirit of Hven organic gin profile.

The result is an outstanding luxury gin with the delicate aromas and taste of citrus, juniper and grains of paradise. This can be served on ice with lemon and tonic or even drunk with the addition of water alone.
