

TARQUIN'S BRILLIANT BRITISH BLACKBERRY GIN

SKU: GITARB

Tasting Notes: This gin is a celebration of the Great British blackberry. Taking award-winning Tarquin's Cornish Gin as its base, which is first distilled in tiny batches using three unique copper pot stills called Tamara, Senara and Ferrara, it is then lovingly infused with the best and most brilliant British berries around.

A touch of local Cornish Wildflower Honey is added just before bottling for balance and subtle sweetness before each bottle is hand-filled, sealed, labelled, signed and given unique batch tasting notes.
